**Re: 167th Logistics Centre – Faith Technology – Building 2 – Amendment
to Resolution No. 23-1059**

Dear Shannon and John:

As discussed, Faith Technology – Building 2 at 167th Logistics Centre authorized pursuant to Resolution No. 23-1059 is to be completed sometime this year. There have been some changes to the original scope of work and certain other unexpected issues that have caused the project budget to exceed the bond authorization amount in Resolution No 23-1059. Very briefly, these issues include the addition of specialized equipment installed in the new building and increased labor and material costs. As a result, the bond authorization in Resolution No. 23-1059 needs to be increased from \$42 million to \$48 million.

We respectfully request this amendment be considered by the Governing Body at its earliest convenience. Please advise if you have any questions or need additional information.

Thank you.

Sincerely,

Curtis M. Holland, Esq.

CC: Kevin Wempe, Esq.
