

Andrea,

We held our neighborhood meeting last night at 6:00 PM at the project site 605 Kansas Avenue for the Premier Business Park preliminary plat (PR25-0010). The developer/owner Bryon VanLerberg, Architect Larry Lisbona, and myself were in attendance and we waited until 6:30 PM with no neighbors showing up, so adjourned the meeting. We have no attendance sheets or neighborhood questions / responses summary.

Thanks,

Tim Tucker, P.E.
