COMPETITION EXCEPTION REPORT (CER)

Competition exception is the decision to purchase without competition through the use of bidding, formal solicitation, request for qualification, or a request for proposal when competition is available. Examples necessitating the use of a CER include when competition is solicited but no satisfactory offers are received, preventing a lapse in service delivery, use of another vendor would result in incompatibility with existing conditions, goods or services are being used in an ongoing project, or a new good or service would require considerable time and training from staff. Use of a CER does not negate or take the place of a contract.

VENDOR NAME:

Steel City Drones

COMMODITY/SERVICE DESCRIPTION:

Drone (UAS) and accessories

JUSTIFICATION:

The Olathe Police Department has matrice drone equipment currently in use. This purchase is to replace a current drone that is beyond repair. Training for drone pilots is extensive, costly, and required to operate drones. Maintaining multiple drone platform would be cost prohibitive.

3 quotes were obtained for this specific Matrice 350 drone. A CER is being completed as the 3 quotes were above the \$25,000 threshold. Steel City Drones was the low bid.
