

**CITY OF OLATHE**  
**AGREEMENT RENEWAL**

This Agreement Renewal (“Renewal”) made this \_\_\_\_\_ day of \_\_\_\_\_, 2026, by and between the City of Olathe (“City”) and Evoqua Water Technologies, LLC (“Vendor”) (collectively, the “Parties”).

WHEREAS, the City and Vendor have previously entered into an Agreement, dated May 7, 2025 (“the Agreement”), for water and wastewater treatment chemicals; and

WHEREAS, the Agreement was for a term of one (1) year.

WHEREAS, Section 1 of the Agreement provides that the Agreement may be renewed for up to five (5) additional one (1)-year periods upon the written agreement of both parties; and

WHEREAS, the Agreement will currently expire on May 7, 2026; and

WHEREAS, the Parties are desirous of renewing the Agreement.

NOW THEREFORE, the Parties hereby agree as follows:

- A. The Agreement is hereby modified as follows: updated pricing and the addition of temporary surcharge, as set forth in **Exhibit A**; and
- B. The Agreement, as modified, is hereby renewed for an additional term of one (1) year, commencing at the expiration of the current term on May 7, 2026.

IN ALL OTHER RESPECTS, the terms and conditions of the Agreement will remain in full force and effect, except as specifically modified by any prior written renewals approved by the Parties and by this Renewal, including all policies of insurance which will cover the work authorized by this Renewal.

IN WITNESS WHEREOF, the Parties have caused this Renewal to be executed as of the day and year first above written.

April 15, 2026

Dear Customer,

Thank you for your continued partnership with Xylem. Your account team works closely with you every day, and we truly value the trust you place in us to support your utility's operations and long-term goals.

We want to share an important update and explain it clearly and directly. Over the past several weeks, diesel fuel prices have increased significantly. Since early February, the national average diesel price has risen by approximately \$1.71 per gallon, representing a 46% increase. Diesel is a critical input in the manufacturing and delivery of the treatment chemicals that support your facility, and these cost increases are now materially impacting delivery costs across our network.

To address this responsibly—while continuing to provide the reliable service you expect—we are implementing a temporary 3% fuel surcharge applied to the total pre-tax value of chemical deliveries. This surcharge will start the week of April 20 and will be shown as a separate line item on your invoice to ensure full transparency.

Our intent is to keep this measure targeted and temporary. Once the national average diesel price returns to the early February 2026 level of \$3.688 per gallon, based on published national data, the fuel surcharge will be removed. Current diesel pricing information is included for reference. [US Retail Diesel Price \(1:USRDP\)](#)

With more than a century of experience delivering water solutions, Xylem is built to navigate changing market conditions while staying focused on what matters most, helping our customers operate safely, efficiently, and with confidence. Your sales representative remains your primary point of contact and is fully engaged in supporting you and answering questions.

We appreciate your partnership and your understanding as we work through these cost pressures together.

Kind regards,

A handwritten signature in blue ink, appearing to read "David Morano".
