A line drawing of a single-story house with a gabled roof. The house has a front door on the left and two windows. The roof is shaded with diagonal lines. The house is set on a small patch of ground with some grass.

This is a detailed architectural elevation drawing of a long, single-story building. The building features a gabled roof with a central ridge. The facade is composed of horizontal siding. There are several large, multi-paned windows along the front, and a central entrance area. The drawing is a black and white line art representation.

[illegible]

An architectural elevation drawing of a three-story building. The building features a gabled roof with a central dormer. The facade is composed of different materials: a central section with horizontal siding and a balcony, and side sections with a patterned or stone-like texture. There are several windows, including a large multi-paned window on the left and a central entrance with a small porch. A north arrow is located in the upper right corner of the drawing.

Architectural drawing of the Secondary Facade East / West Elev - LU Building. The drawing shows a three-story building with a central gabled section and two side wings. The central section has a steep gable with a small dormer. The side wings have flat roofs. The building is shown in a perspective view. The drawing includes various elevation markers and dimensions. The title "SECONDARY FACADE EAST / WEST ELEV - LU BUILDING" is at the bottom. The drawing is labeled "E10" in the bottom left corner.

EXTERIOR ELEVATIONS

A2.04

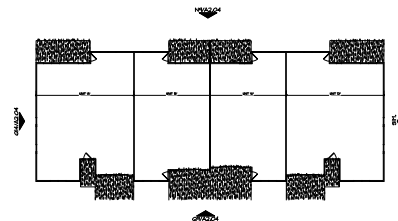

A diagram of a rectangular container divided into five equal vertical compartments. Each compartment is labeled with a number from 1 to 5, starting from the left. Above each number, there is a small circle. The container has a lid with a handle on the left and a latch on the right. The compartments are numbered 1, 2, 3, 4, and 5 from left to right.
