

Project Fact Sheet
Sidewalk Construction
3-C-072-19
January 8, 2019

Project Manager: Beth Wright / Matthew Kapfer

Description: There are missing sidewalk links in older parts of the city, as well as adjacent to schools. This project includes construction of sidewalks that would not be built as part of a street improvement project. Priority is given to construction of sidewalks for walking routes to and from schools.

Justification: Sidewalks are needed for pedestrian access to and from schools and throughout the City.
