Re: **REQUEST FOR WAIVERS**

Please see the following request for waiver:

1. UDO 18.15.040 (D) Building Design Category D - Transparent glass on Primary facades – 20% min

Request: Allow use of spandrel glass in lieu of transparent glass on North and East Elevations, and glass less than 20% minimum required. Due to the type of use proposed (cold storage), the building operationally cannot have transparent glass on any wall other than the main entry door. Spandrel glass will be used to meet the intended exterior appearance. Additionally, the size building makes it challenging to reach 20% glass.

If you have any questions, feel free to reach me at the contact information below.

Sincerely,
