4. Method of Assessment:

The proposed method of assessment for the improvements is: equally per square foot, excluding right-of-way.

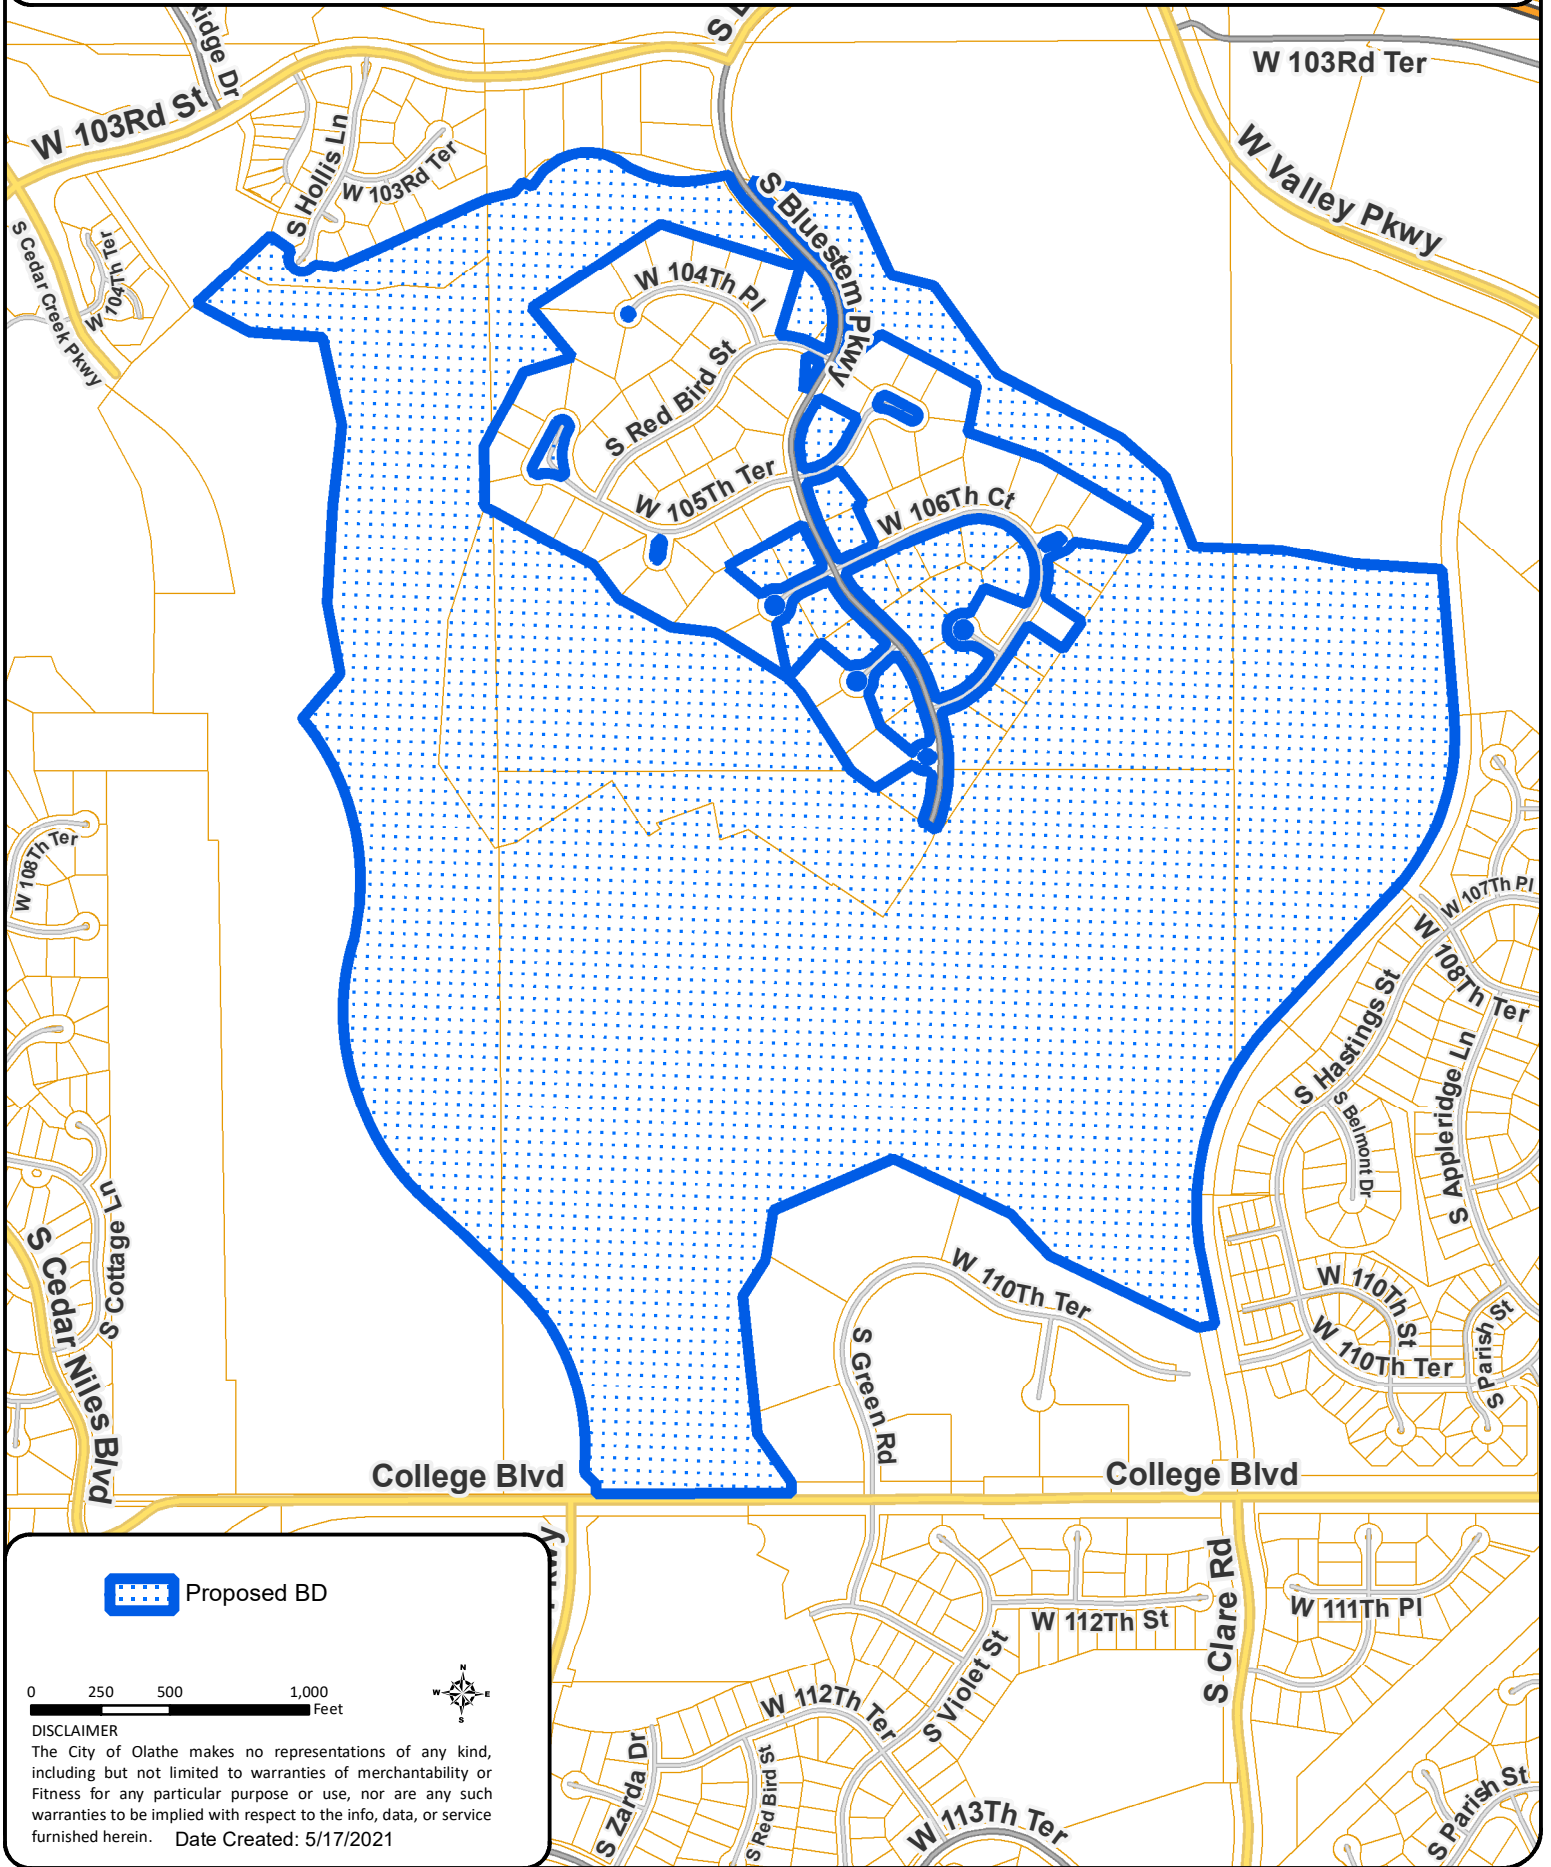

5. The proposed apportionment of costs between the improvement district and the city at large is:

100% of the costs of the project shall be assessed against the improvement district and 0% shall be paid by the city at large.

6. We further propose that such improvement be made without notice and hearing as required by K.S.A. 12-6a04 (a).

7. The signers of this petition, in the aggregate, are the owners of 100% of the property or properties proposed to be included in the improvement district, and acknowledge that the:
  - (A) Petition is one submitted pursuant to subsection (c) of K.S.A. 12-6a04, and amendments thereto;
  - (B) The proposed improvement district does not include all properties which may be deemed to benefit from the proposed improvement;
  - (C) Names may not be withdrawn from this petition by the signers hereof after the Governing Body commences consideration of the petition, or later than seven (7) days after this petition is filed, whichever occurs first.
8. We hereby agree that all costs incurred for the preparation, administration, engineering fees, etc. shall be assessed against the improvement district and city-at-large based upon the method of assessment and the apportionment of costs described herein regardless of the completion of the construction of the improvement.
9. Petitioners signing for the public improvement hereby agree that if in the event there is property in the improvement district that is outside the corporate limits of the city of Olathe, the owners of such property will petition for annexation prior to the time the governing body of the city of Olathe considers approval of the public improvement.
10. Signed right-of-way donations and any necessary easements based upon the preliminary construction plan shall be provided prior to publication of the resolution approving the benefit district for any portion of the benefit district which cost is assessed against the improvement district and not paid by the city at large. If a property owner refuses to donate land for right-of-way for any portion of the benefit district which cost is assessed against the improvement district and not paid by the city at large, the Governing Body will assess all costs of purchasing right-of-way for that property upon the non-donating property owner pursuant to K.S.A. 12-692 and city policy.
11. We further propose that the improvement be assessed prior to construction pursuant to the authority of K.S.A. 12-6a09(c).
12. Petitioners certify that they have no financial interest in any property with delinquent special assessments, ad valorem taxes, or other federal or state tax liens anywhere within the state of Kansas.
13. Property within a benefit district may be platted or otherwise split into multiple parcels after a benefit district is created by the Governing Body. In connection with the filing of a plat or other request for a property split, 100% of the property owners subject to the split must file with the City a petition consenting to the reallocation of special assessments against such property. The petition must specify the method for reallocation, and the specified method must comply with the resolution of the Governing Body creating the benefit district.
